Our company is the patent holder of the VM series CPAP/BIPAP device and possesses independent intellectual property rights over this product. We have discovered that your company has produced and sold identical or similar products without our authorization, which is suspected of infringing our patent rights. Your infringement has caused significant economic losses and damage to our market reputation.

Specifically, your company's BIPAP VT100 ST, BIPAP VT200 ST, CPAP VT40 D, and CPAP VT50D are very similar to our VM series CPAP/BIPAP device in appearance, structure, and performance, and the sleep monitor (Sleep Sense) is very similar in appearance, structure, and performance. It is also very similar to our polysomnography monitor SF-A9, and even directly plagiarizes our company's product design in some aspects, which seriously infringes on our intellectual property rights.

In accordance with Paris Convention for the Protection of Industrial Property, WIPO Copyright Treaty, and other relevant laws and regulations, our company hereby notifies your company to immediately cease all infringing activities, including but not limited to:

1. Immediately stop producing and selling products that are identical or similar to the above products mentioned;
2. Immediately remove all promotional materials, advertisements, website content, and other relevant information pertaining to the infringing products.
3. Publicly apologize to our company for the infringement on the public media designated by our company to eliminate the negative impact.

Bear the economic losses and reasonable expenses incurred to our company due to

the infringement.

We request that your company take the aforementioned measures within 15 days of receiving this legal letter to avoid further legal liability. If your company fails to take any action within the specified time, our company will take all necessary legal measures to pursue your company's legal liability in accordance with the law, including but not limited to filing a lawsuit with the court, claiming compensation for losses, and paying relevant fees.
